

# Personal Supports

## Empowering Individuals with Disabilities

Progress Unlimited, Inc.'s Personal Supports program is designed to empower individuals with disabilities, enabling them to thrive as valued members of their home and community. This service is tailored to cultivate skills and provide experiences that enhance self-sufficiency, always taking into account the unique needs and preferences of each person. Personal Support services encompass a broad range of assistance in various areas.

The overarching goal of the program is to empower individuals with disabilities in acquiring and honing their independent living skills. By focusing on community participation, integration, and a sense of belonging, the program aims to guide individuals towards achieving the highest level of independence possible. Through personalized and holistic support, PUI strives to help individuals lead fulfilling lives within their communities aligning with our overall goals.

Personal Supports

Serving Baltimore County, Anne Arundel County,  
and Carroll County

# Community Living Program

Established in 1984, the program continues to grow and provide customized homes with 24 hour support and services to intellectually disabled adults. This invaluable support affords our service recipients the opportunity to live in their own communities and experience first hand all the benefits of independence. Progress Unlimited nurtures personal choice in living arrangements, medical care, finances, relationships and leisure activities.

# Adult Medical Daycare & Wellness Center

## Quality of Life Enhancement for Patients & Families

Serving Baltimore County residents from our centrally located center in Owings Mills - licensed by the State of Maryland. A modern facility with a comfortable, inviting setting. Its immaculate condition brings a sense of caring and attention. Large windows offer calming views from the indoor sitting area.

The potted garden provides a natural setting for outdoor visits. Individualized plans are designed to meet the needs and preferences of the participants and their families.

**The Adult Medical Day Care and Wellness Center program has a staff supervision ratio of 1:6 and provides a unique state-of-the-art center offering several critical support services including:**

- Medical and Health
- Case Management
- Transportation
- 24-Hour Supervision
- Recreation
- Staff Training

# Day Habilitation/Community Development Services

Community Development services are based in the community at large. Participants seek to learn and experience all the community has to offer by joining clubs and programs, taking day trips, and by volunteering and interacting with other community members. Participants learn new skills and share experiences in a fun, self-paced environment which fosters an appreciation for oneself and others.
